About

Third-year Information Technology undergraduate at SLIIT, seeking a Software Engineering or Full-Stack Development internship. Building web applications with React, Next.js, TypeScript, PostgreSQL, and MongoDB, with a focus on responsive interfaces, database workflows, and authentication.

Education

BSc (Hons) in Information Technology | Expected graduation: 2027

Sri Lanka Institute of Information Technology (SLIIT) | September 2023 - Present | Third year

Technical Skills

Languages: JavaScript, TypeScript, PHP, Python

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend & Data: Node.js, Express.js, RESTful APIs, NextAuth, PostgreSQL, MongoDB, MySQL, Prisma

Tools: Git, GitHub, Postman, Vercel, Figma, npm

Projects

Upul Stores POS - Retail Management System | GitHub

Next.js | TypeScript | PostgreSQL | Prisma | NextAuth

- Built billing with coupons, payment records, and inventory updates using database transactions.
- Added role-based authentication, sales reports, and rule-based forecasts and reorder suggestions.

SLIIT LMS - Learning Management System | GitHub | Demo

Next.js | TypeScript | PostgreSQL | Prisma | NextAuth

- Built role-specific dashboards for courses, assignments, quizzes, and attendance.
- Implemented submission APIs with role checks, input validation, and deadline handling.

GoldenStar Sports Club - Club Management Platform | GitHub | Demo

Next.js | TypeScript | MongoDB | Mongoose

- Built player, match, tournament, and announcement management with role-based admin access.
- Implemented player-auction bidding with budget checks, bid validation, and audit records.

UNISLOT - University Scheduling System | GitHub

React.js | Node.js | Express.js | MongoDB

- Built academic scheduling and resource-management interfaces for timetable creation and administration.

DevFlow AI - Team Platform | GitHub

Next.js | NestJS | TypeScript | PostgreSQL | Prisma | Ongoing project

- Developing organization persistence, registration, and session management; added password-change and session-revocation logic, with API tests and CI configuration.

Boraluketiya Buddhist Center - Community Website | GitHub | Demo

Next.js | React | TypeScript | Tailwind CSS

- Developed a responsive community website with temple information, events, news, and a photo gallery.

Certifications

Python for Beginners - University of Moratuwa (CODL)

Career Skills in Software Dev; Learning Git and GitHub - LinkedIn Learning

Languages: Sinhala (native) | English (professional working proficiency)
